

PETE PETERSON MARINER'S AWARD

The Mariner's Award is given to the person whose enthusiasm, great attitude and participation as a newer club member, best exemplifies the sportsmanship of sailing and spirit of competition.

The award is named in honor of Pete Peterson who has actively participated in club racing, sailing and club events during his many years with the Jacomo Sailing Club. Pete has contributed a wealth of sailing knowledge. His contributions are some of our greatest treasures.

The traveling award is a C. Jere's sailboat sculpture mounted on a wood base. The recipient's name is engraved on the trophy. The winner retains it for the next year.
